Welcome to Project Center 2.0 Webinar

Cherry Hla-Htay and Jessica Zazzera

Webinar Logistics

Everyone is muted and off camera during webinar

Questions can be submitted via chat

Questions will be answered at the completion of the presentation

Answering all Project Center related questions **ONLY**

No case related questions will be answered

Case related questions should be asked via inquiry

Additional webinar dates

February 16th, 2023 @ 7pm- 9pm

February 22nd,2023 @ 1pm- 3pm

Recording can be found at www.coned.com/es

Introductions

Cherry Hla-Htay- Sr. Specialist

Jessica Zazzera- Sr. Specialist

Agenda

- ✓ What is Project Center?
 - What can I do?
 - What I need to know
- ✓ Case Dashboard
- ✓ Case Details
- ✓ E-forms
- ✓ Inquiries
- ✓ Creating a Case
- ✓ Q&A

What is Project Center?

Main interface between Con Edison and customer/ contractors for service work

Used for gas and electric service requests, upgrades, gut rehabs, etc.

Any upcoming work must have a case filed in Project Center portal

Best way to reach a Con Edison rep and interact with them about your case

What Can I do in Project Center?

What I Need to Know About New PC

- ✓ New PC to launch in March, 2023
- ✓ Username and password is same as current PC
- ✓ All active cases will be transferred over in same status with same case ID number
- ✓ Any draft cases will not be transferred over
- ✓ All completed/ cancelled case will be transferred over
- ✓ Only primary customer or primary contractor can:
 - Add or make changes to contacts
 - Make appointments
 - Accept/ Decline cost estimates
- ✓ Can be used across all devices and browsers
 - Mobile App no longer required

Yes No N/A

1 IV of

Note: Effective February 2017, a \$109.00 charge for each re-inspection required because the Customer's contractor submitted documentation that its work at the Customer's premises was completed according to Company specifications and is ready for final inspection by the Company, but the Company on its inspection found the work to be either incomplete or incorrectly performed. Using this checklist can help inspections and avoid delays in service work. We will work with you to help ensure that our job(s) go smoothly and are satisfactorily coordinated with our activities.

I understand that placing a checkmark in the adjacent check box constitutes my electronic signature, dated as of the date on which I check the box and, that by doing so, I am consenting to use electronic means to sign this document.

If there are provisions for a locking device, has the contractor installed the hardware to accept the Lock?

Yes No N/A

Gas Integrity Test & Turn-On Affidavit – New or Repair

Exhibit-A

This certifies that the gas piping in the building (downstream of the meter) indicated below has successfully passed a leakage test as prescribed by the local authority having jurisdiction.

(Building Address / City or Town / Zip Code)
Complete All Sections That Apply

Gas Authorization No. _____

Lockable valves and test ports installed / exist at the base of each riser. **YES NO** (Circle One)

Gas Turn-On requested for the following equipment (Specify below):

Contact Information for Immediate Building Access: Phone: _____

	RISER LOCATION	GAS END USE (eg. Cooking, Heating, Hot Water, Dryer, etc)	Meter Location	No. of Apts
Location #1				
Location #2				
Location #3				
Location #4				
Location #5				
Location #6				

Contractor to Check Appropriate Corrective Condition:

I have repaired and tested,

_____ Leak at gas equipment (specify unit or equipment) _____

_____ Control Valve _____ Pilot Valve _____ Appliance Valve

_____ Hood Draft _____ Appliance Regulator _____ Flue Connection

_____ Other (Specify) and provide details for above items checked _____

This certifies that all gas piping is complete and continuous up to the appliance, including appliance control valves, or end of use equipment in affected apartments or areas. **YES NO** (circle one)

It is also certified that in the affected area(s):

- All areas containing gas utilization equipment (e.g. boiler room, laundry room) have been inspected and that the equipment gas valves have been closed. **YES NO** (circle one)
- All apartments containing gas appliances have been inspected and the appliance valves have been closed. **YES NO** (circle one)
- All open-ended valves, stubs test connections, purge connections, or any other piping or fittings which could be left open, have been closed gas tight with a threaded plug or cap. For premises which have meters in the apartments, the meter valves have been left open, so that the integrity test is complete up to the appliance valves. **YES NO** (circle one)

In addition, I accept responsibility for the gas-in of any end of use equipment or appliances not gassed-in by Con Edison and identified above for turn-on. **YES NO** (circle one)
